

The name, **Strotherfest**, is derived from historical events from over 100 years ago. Before Lee's Summit became incorporated, the town was known as Strother, the name of a well respected family living in the area. **Strotherfest** was created to bring back that small town atmosphere in which family and friends get together for fun and games and sharing home-made recipes. With 2 full days of games, live entertainment and great food, **Strotherfest** attracts thousands of folks from miles around.
